Subject : **Qualification as applicator of HI-KOTE™ 1 Coating per HS289-Type C**
Our Ref : 18415

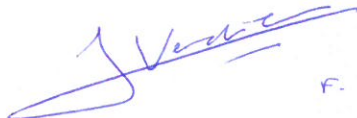

Dear Sir,

Based on qualification report CQF0020 rev 1 dated on August 16th, 2019 and the audit of your application process performed on July 8-9, 2013 (Audit report # AR28-13), LISI AEROSPACE is pleased to qualify Metal Improvement Company Technology Services (Suzhou) Ltd as **an applicator of HI-KOTE™ 1 aluminum pigmented coating on ZIM-FLUGSITZ Titanium alloy casted parts per LISI AEROSPACE-Hi-Shear HS289 Type C qualification procedure**

Metal Improvement Company Technology Services (Suzhou) Ltd is qualified to apply HI-KOTE™ 1 according to traveler document # E15035-1 dated on May 16th, 2019 and process flow diagram LISI Type C rev 0.1 dated on April 3rd, 2019.

The revision of those documents (travelers and work instruction) must be systematically submitted to LISI AEROSPACE. LISI AEROSPACE reserves the right to require a new full qualification if a modification is deemed significant

Sincerely,

F. VERDIER
